--------------------------	---

2. Fundamental Libraries

Python Data Science Handbook	jakevdp.github.io/PythonDataScienceHandbook
------------------------------	---

Kaggle Learn	kaggle.com/learn
--------------	---

freeCodeCamp Data Analysis	freecodecamp.org/learn/data-analysis-with-python
----------------------------	---

3. Classic Machine Learning

Google ML Crashcourse	developers.google.com/machine-learning/crash-course
-----------------------	---

freeCodeCamp ML with Python	freecodecamp.org/learn/machine-learning-with-python
-----------------------------	---

Hands-On Machine Learning	github.com/ageron/handson-ml3
---------------------------	---

4. Deep Learning

PyTorch "Learn the Basics" Tutorial pytorch.org/tutorials/beginner/basics/intro.html

Dive into Deep Learning d2l.ai

Practical Deep Learning for Coders course.fast.ai

5. Building Projects

Hugging Face, pretrained models huggingface.co/models

Kaggle for free datasets and ideas kaggle.com/datasets

Papers with Code huggingface.co/papers/trending
